

Hi Fellow Kriegies,

Merry Christmas and the best year ever in 1966!

First, Thanks for all the \$2.50's as well as those who gave unsolicited extras. Some day I'll try to let you know if we're in the hole or solvent. Second, It looks like it may be time to start on International P.O.W. Association.

Henry Soderberg wrote and said he was invited to attend the big Air Force reunion in Dayton, Ohio, as a guest of Stalag Luft 3. About 600 officers attended.

He also informed me that on November 20 in London the British Ex P.O.W. Association invited him to attend their re-union in London. Did anyone from here go?

General John K. Waters says that he feels a little optimistic about Vietnam after a recent visit.

Suggests that to get the best picture of situation to follow reports both pro and con about the situation, fit them together and you'll get the best status of the situation there. (Personally, I'm glad he is there). Have also had very wonderful notes from the following fellows but none from Curly Curtis about 1966 in Chicago. What's the status, Curly?

Lt. Col. William Moore retired in July.

Col. C.F. Livingston wrote me a note partially in German and that's where he is stationed imbibing all that good Rhein wine that he didn't get when he was there before. (Maybe you don't touch it, sorry.ED.)

Had a long letter from George Juskalian.

Eilly Bingham said he never got the original mailing list. Sorry, Billy, a current one is on its way.

Joe Seringer was planning to see some of the Washington group. LEJ, too, I guess knowing how that guy Seringer really works. Charles Glennon from a new Parish church at Stow, Mass.

Dick Rosstach travels around the world including South America, trout fishing. Have pole, no fish, will travel, says Dick. Any good fishing holes you know about---Dick would like to hear from you (Ok, Dick)

Haven't heard from that great guy that is still largely responsible for the fact that we still contact each other, Frank Maxwell.
